

## on form 22 – application guidelines

*Please note that, although we are planning an exhibition in 2021, it is for the work of our 2020 sculptors, and we will not be inviting applications.*

### **Please make sure you have read these thoroughly.**

- Our deadline for applications will be 1<sup>st</sup> July 2021.
- **on form 22** will take place from June to July 2020. We expect artists to be present for a few days during the exhibition, and to help out in various ways, which could include informal talks to visitors, demonstrating or teaching, or helping out at the front desk.
- Installation will take place during April and May 2022. You must be available to install your works during this period.
- We only show work carved in stone.
- We encourage our visitors to touch the work gently. Any work which cannot be touched, or is not stable, is not suitable for inclusion.
- We will select between 30 and 40 sculptors.
- We like to show at least 3, usually 5-10 pieces from each sculptor. This can be a combination of outdoor and indoor work but, if possible, we like each sculptor to show at least one substantial outdoor piece.
- We have public liability insurance, but we do not insure work for theft or damage. That is the responsibility of the artist.
- In most cases, we do not pay for transportation of sculpture.
- We prepare a shortlist and visit as many studios as possible before making our selection. If you have not heard from us by the end of October 2021, we will not be visiting your studio and you will not be in the exhibition.
- We will announce our final list by the end of November, or earlier if we possibly can.
- Please note that if you will be under 35 on 01/01/22, you are eligible for our **on form** bursary, intended to help an artist new to working in stone make a significant step forward in their career.

If all of the above is agreeable, please read on:
